DMPTool
Build your Data Management Plan

Expert Resources & Support for Data Management Planning

In brief:
Many funding agencies require data management plans (DMP) as part of grant proposals. The DMPTool helps institutions & researchers to create high-quality DMPs that meet funder requirements, including those from:

NATIONAL INSTITUTES OF HEALTH · NSF · Institute of Museum and Library Services · GORDON AND BETTY MOORE FOUNDATION
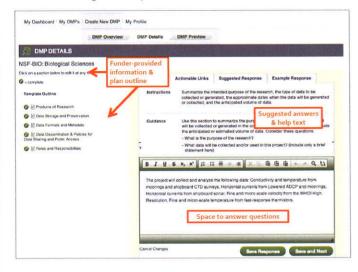

DMPTool Benefits for Researchers

- Help you meet the funding requirements of your next grant with current data management planning information
- Put you in touch with expert help at your institution and help you comply with your institutional requirements
- Improve the quality of your research and increase its impact through better data management practices
- Collaborative plan creation and co-ownership with colleagues
- Institution-specific templates and help

What is the DMPTool?

Free step-by-step web application for creating data management plans for funders

Funder-provided information & plan outline

Suggested answers & help text

Space to answer questions

Founding partners: DataONE; Digital Curation Centre; Smithsonian Institution; UC Curation Center, California Digital Library; UCLA Library; UC San Diego Libraries; University of Illinois; University of Virginia Libraries
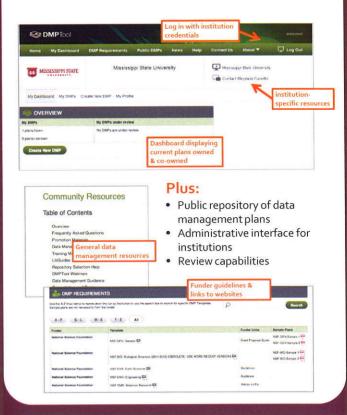

More DMPTool Features

Log in with institution credentials

institution-specific resources

Dashboard displaying current plans owned & co-owned

General data management resources

Funder guidelines & links to websites

Plus:
- Public repository of data management plans
- Administrative interface for institutions
- Review capabilities
